

Protiviti assists organisations in achieving compliance with the **Australian Privacy Principles (APPs)**, as defined in the **Australian Privacy Act (Cth) 1988**, and other similar legislative and regulatory requirements. We help organisations understand the impacts of legislative and regulatory requirements, assess and remediate privacy gaps, and implement changes to achieve and maintain compliance.

## How Protiviti Can Help

	<b>Purpose Limitation</b>	Assess the effectiveness of controls to ensure personal information is only collected, held, used, or disclosed for defined, reasonable and lawful purposes. Your organisation's direct marketing activities will also be assessed against APP requirements.
	<b>Notification</b>	Evaluate your organisation's privacy policies and privacy notices to gain assurance that individuals are informed about personal information processing in a clear and transparent manner.
	<b>Third Party Assurance</b>	Perform a risk assessment and due diligence on third parties your organisation shares personal information with, particularly overseas third parties. The assessment will validate the third party's privacy and data protection capabilities.
	<b>Data Security</b>	Perform a detailed assessment on capabilities to protect the confidentiality and integrity of personal information, and prevent unauthorised access, modification and disclosure.
	<b>Data Breach</b>	Conduct an assessment on capabilities to prevent, detect and respond to breaches of personal information, including validating compliance of reporting procedures with the <b>Notifiable Data Breaches (NDB) scheme</b> .
	<b>Access and Correction</b>	Validate procedures to accurately identify personal information and provide access to individuals or rectify information upon request.

**Goal:** Our goal is to assist organisations comply with the APPs and other relevant privacy legislative and regulatory requirements. This is conducted through assessment of current capabilities, identifying areas of non-compliance and opportunities for improvement, and providing practical advice and guidance to uplift your organisation's privacy framework.
